## Installation

(We recommend reviewing the comprehensive instruction manual before attempting installation.)

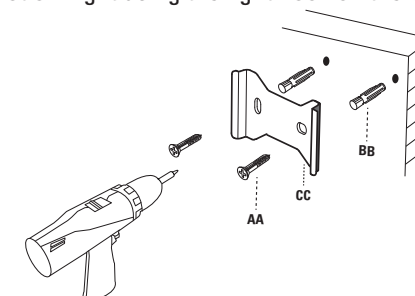

1. Position Solar Panel on desired wall and mark 4 holes for pre-drilling.

2. Pre-drill holes and attach Solar Panel to wall.

3. Position Quick Clip on desired wall and mark 2 holes for pre-drilling. Install the Quick Clip onto the wall, and mount the Motion Light using the light hook on the back of the unit.

4. Connect the Solar Panel to the Motion Light. Allow the unit to charge for 3 days. Charge the unit in the OFF position.
